

Office 365 Services and Solutions

Drive Business
Productivity with MS Office
in the Cloud

AgreeYa's Services around Microsoft Office 365 Offer Easy Implementation & Improve Organization-Wide Productivity-Fast.

Office 365 is a completely flexible solution, packed full of tools to make teamwork easier. Whether your employees are working from home, the office or are on-the-go, Office 365 provides quick, easy and secure access to emails and calendars, Microsoft Office applications, instant messaging (IM), web conferencing and file sharing.

AgreeYa can help you quickly gain the benefits of these services without needing to go through the hassles of endless migration and upgrade cycles.

Microsoft Office 365 Suite Consists of:

Exchange Online

Hosted messaging solution that delivers email, calendar and contacts as an all-in-one package in the cloud.

SharePoint Online

Cloud-based collaboration and knowledge-sharing service for businesses of all sizes.

Lync Online

Next generation communication solution that transforms business interactions from conflicted and disconnected communications to an engaging and collaborative experience.

Office Professional Plus and web apps

Best-in-class office productivity tools at your

fingertips, available as a stand-alone application and on the web.

What We Offer
