

Office 365 Services and Solutions

Drive Business
Productivity with MS Office
in the Cloud

Bringing Modern Workplace to Life

Microsoft's Office365 is the industry leading, cloud-based productivity solution that is defining the future of collaboration for us. It has empowered workforces to work from anywhere, anytime, any device, by providing a quick, easy, and secure access to emails, calendars, Microsoft Office applications, instant messaging (IM), and web conferencing and file sharing, that result in— Modern Workplace.

AgreeYa can help you build these capabilities to make you a digital business with Office365, with our skills, expertise, insights, and unique abilities.

Our Suite of Microsoft Office 365 Services

Microsoft Teams

Microsoft Teams brings people, conversations, and content together to make collaboration easy.

Microsoft Planner

Microsoft Planner is an application on Microsoft Office 365 platform, used for planning.

Microsoft Office 365 Groups

A service developed for collaboration with your teammates while scheduling meetings, writing documents, working on project plans, creating spreadsheets, or sending email.

Microsoft Streams

Microsoft Streams is built for companies to upload, share, and play back video messages and make collaboration swift.

SharePoint Online

Cloud-based collaboration and knowledge-sharing that empowers teamwork, quick information-sharing, and seamless collaboration across the organization.

Skype for Business

Next generation communication solution that transforms business interactions from conflicted and disconnected

communications to an engaging and collaborative experience.

Power BI

Power BI empowers you to gather business insights from stored data and create stunning interactive visualization with reduced costs.

Exchange Online

Hosted email for businesses that lets you work from anywhere, while providing an access to its best practices, tools, resources, and experts.

Our Service Model

Office 365 is not a one-size-fits-all solution. AgreeYa's experts go through extensive research to deliver a package that not only meets your needs but also allows you to take productivity to the next level. AgreeYa's service model flow:

Why Choose Us

Multi-Domain Experience

Rich experience in delivering solutions and services on a variety of Microsoft technologies in various industries: BFSI, healthcare, manufacturing, retail, and telecommunications domains.

Proven Competency

Successful engagements with more than 200 organizations ranging from Fortune 100 clients to small companies.

Global Service Footprint

Global delivery capability built upon AgreeYa's O3 delivery model (onsite, offsite, offshore) ensures business continuity, backed by 24/7 support from subject matter experts around the world.

Strong Partner Alliance

We have a long and strategic partnership with vendors who are top niche players; such as Microsoft, Amazon Web Services, Red Hat Ready, Dell Preferred Partner, Quest Partner Circle and more. These enable AgreeYa to provide priority features to clients faster than the competitors.

Customized Solutions

Tailor-made Office 365 solutions tightly integrated into your existing infrastructure, business applications without effecting your critical operations.

Quality that Qualifies Industry Standards

We are committed to deliver quality, with our ISO 9001:2015 and CMMI-certified processes that meet the statutory and regulatory requirements of our product or service.

Managed Services

End-to-end service delivery capabilities ranging from implementation to upgrade, migration, training, and support.

Our Success Stories

A Government Body Engaged AgreeYa to migrate the intranet portal to SharePoint Online

Challenge was to migrate the existing portal and redesign the branding to enhance the look and feel. AgreeYa migrated 46GB of content & pages from existing MOSS 2007 SP2 to Office 365 to SharePoint Online, while also enhancing the portal branding.

A Leading Biotechnology Company Capture Competitive Intelligence (CI) and Streamline disseminate of information

The client faced a major organizational challenge, where its BAI Team needed to capture Competitive Intelligence (CI) and disseminate the information within the organization, among different sets of employees. AgreeYa followed a rigorous process of stitching multiple technologies together in a system, and offered the Competitive Intelligence (CI) portal as its result. It works by capturing all Competitive Intelligence through automated process, and storing it in this portal (under various groups), making it a reservoir of all the relevant information

Pioneers in Almond Industry Migrated SharePoint 2010 environment to Office365

The pressure to drive innovation that results in cost reduction, was the major challenge for the client. As part of AgreeYa offered solutions, SharePoint 2010 environment was migrated to Office365, to implement a flexible environment in terms of changing business requirements, standards and legal requirements, communication patterns, and work processes & reporting. It allows maintenance cost cutting, easier and faster implementation of new requirements.
