Our Success Stories

[An Agricultural Cooperative Drives Business Innovation through Implementation of Nintex Workflows & Forms](#)

Challenge was to enhance employee experience, performance, and satisfaction across the organization. AgreeYa implemented numerous Nintex forms & workflows, as well as integrated DocuSign for eSignature solution, which helped in better collaboration, enhanced portal speed, and leveraged new features.

[AgreeYa Plans Teams Implementation for a Biotech Major to Facilitate Collaboration](#)

The customer wanted to set up a centralized platform to collaborate and disseminate information across the organization. AgreeYa implemented Teams, Planner, and Groups to ease inter/intra team collaboration. The Microsoft O365 portal helped the customer in better collaboration while providing a secured and efficient platform with ease of access from anywhere and any device.

[A City Council engaged AgreeYa to migrate to a Cloud Webmail System](#)

The challenge was to implement a business-class email and calendaring system on the cloud. AgreeYa migrated the exchange on-premise solution to exchange online, configured the Exchange online roles on B1-Mail Server, performed clean-up and decommissioning of the existing Exchange 2007 server. Upon implementation, the customer was able to enjoy the improved search, powerful calendaring, and better Webmail experience of Exchange Online.
